## **Social and Emotional Foundations for Learning (SEFL): All Inclusive Training**

### **Module 1: Importance of Relationships**

Positive interactions and relationships are the foundations for a child's social and emotional development. This session explores strategies that build these foundations, even during challenging moments. Discover your "hot buttons" and how to re-frame those thoughts for a more positive interaction with a challenging child or parent. You will learn techniques to build relationships with families, children and colleagues, to enhance your child care and early learning program.

### **Module 4: Promoting Children's Success through Social and Emotional Learning Techniques**

Do you want to learn more techniques that support social and emotional development, even when children are displaying challenging behaviors? This module identifies strategies, such as problem solving and games to teach children emotional literacy and emotional regulation. You will see your classroom transform, as you help children identify emotions and teach them positive social skills that foster friendships. In this session you will learn about the third level of the CSEFEL teaching pyramid, which represents *Targeted Social Emotional Supports*.

## **PCAN: Parent/Provider Partnerships in Child Care**

### **Unit 8: Challenging Behaviors in Infants and Toddlers**

Encountering challenging behavior in infant and toddler child care settings is inevitable. This training will address some of the causes of this behavior and allow participants the opportunity to practice discussing challenges with parents in an effective and supportive way.

## **Supervision of Children**

This training reviews the current State of Missouri licensing requirements for staff to child ratio in various child care settings. Active supervision is reviewed, and techniques are presented to assist the early learning professional in providing active supervision at all times. The six strategies for Active Supervision are reviewed along with a section on child elopement. This course is suitable for family child care, as well as programs or centers.

**Basic Knowledge Curriculum (BKC):  
Early Childhood (EC)**

**Module 10: Creating a Welcoming Environment**

Did you know that the way you arrange the classroom and outdoor areas directly affects how children act and learn? Discover how to include learning areas in your child care and early learning program. We will review how room arrangement and environment are key factors in child development. Learn to identify outdoor safety considerations and common outdoor weather related injuries.

**Basic Knowledge Curriculum (BKC):  
Infants and Toddlers (IT)**

**Module 4: What Infants and Toddlers are Telling Us**

What have the infants or toddlers you work with told you today? Did you know that infants “talk” through crying and other non-verbal communications? While infants and toddlers cannot speak with words, they do communicate in many other ways. Learn how these cues form the foundation of language development. Learn how temperament, challenging behaviors and cultural traditions can shape how an infant or toddler will communicate. This session will also share how to discover the communication and meaning of behaviors such as biting and tantrums.

**Buy One Registration, Get a Second at NO COST!**

Attend two trainings for the price of one or send two staff for the price of one or buy one get one with a friend!

### ***Training Notes:***

- Refunds will only be given if notice is received at least 48 hours before the training.
- You will not receive notification of your registration received unless you are **not** able to be placed into the class.
- Receipt of payment only given if requested.
- Participants must be 18 years or older
- Training programs will start promptly at the designated start time.
- The Department of Social Services requires that participants attend the entire training session in order to receive a clock hour certificate. Therefore, instructors and/or staff who are instructing or facilitating a clock hour session hosted by a Child Care Aware<sup>®</sup> of Missouri Network Member Agency may withhold a participant's clock hour certificate. Potential reasons for withholding a certificate include but are not limited to a participant: arriving late, leaving early, leaving the room for extensive time periods, text messaging, sleeping, being disruptive during the workshop and/or not paying registration fee (s) in full prior to the workshop start time.
- Children are not permitted in any training and may not wait unattended in any other part of the building where training is located or anywhere on the premises.

## **Continuing Education Units (CEUs) Now Available!**

CEUs are offered for all BKC-EC, BKC-IT, and SEFL modules through a partnership with East Central College.

- Cost for CEUs: \$10 for three hours (.3 CEUs)
- Forms for CEUs will be available at trainings, along with information on how to submit your payment and forms to East Central College.
